

# RIA CHORDIA

## USER EXPERIENCE DESIGN

*For me art is about independence, it's about connecting my world with your world, it's about joy, it's about sadness, it's about everything that makes us even more human. It is not something to hang on walls, it is like a rainbow in an open sky for each and everyone of us to feel.*

### EDUCATION

2019- 2023

BFA in User Experience Design  
The Savannah College of Art and Design  
Savannah, GA

### EXPERIENCE

GALAXY WEBLINKS | Winter 2022

UX INTERN

As an intern at Galaxy Weblinks, I learned an array of different UX courses and strategies. We discovered, defined, ideated and delivered a new platform for examination portals.

SCADPro x Deloitte | Fall 2022

UX designer, Interaction, Marketing and Prototyping

During 10 weeks, I worked with a team of 16 people to address problems faced by Deloitte Government and Public Services. We intuitively came up with various solutions to create new and interactive experiences for their clients.

SCAD Museum | Spring 2021- Current

Docent

I supported my BFA studies in Savannah by working as a part time Docent at the SCAD Museum of Art. My role there was to help different people coming in the Museum with any queries that they had. A major part of that job was to make people feel welcomed and comfortable.

SCAD Arts Cafe | Spring 2021- Fall 2021

Barista

One of the UX projects I did, was about food and food allergies in mid-size restaurants in the USA. To become a well-integrated part of the project. I started working in one of the SCAD's Cafe as a Barista. Nothing could make me understand the problem, better than actually being a part of the problem.

### SERVICE

SAHAYTA NGO | Summer 2020

We distributed medicines to the underprivileged for free, over signed prescriptions.

SCAD Serve | Winter 2022

I have worked as a volunteer to make birthday cards for cancer patients and help taking care of wounded horses.

SCAD Film Festival | Fall 2019

I worked as a volunteer, with a huge team to help them coordinate the different events taking place in the SCAD's Film Festival.

Round Square | Summer 2017

Over a period of 15 days, we built a two storied dorm for children in one of the rural cities of Ladakh.
